

Meeting Unique FMIT Member Needs

powered by SynergyID

Providing Members A Single Solution That:

- Minimizes Insurable Risk
- Simplifies Claims and Project Management
- Empowers Informed and Effective Decision Making
- Supports Business Continuity Planning & Sustainability
- Streamlines Workflow and Operational Functionality
- Improves Communications & Bottom-line Management

A screenshot of the simpliCity Member Dashboard. The header includes the simpliCity logo, contact information for claims and technical support, and a navigation bar with links like 'ACCOUNTS', 'CLAIMS', and 'PROJECTS'. The main content area features a 'Member Dashboard - (Beta Version)' section with a navigation menu, news alerts, a search bar, and a 'QuickLook Weather & Updates' section. The weather section includes a video spotlight, a live weather feed for Tamarac, FL, and a NOAA tropical update map.

simpliCity was developed and licensed exclusively to the FMIT for registered use by it's Members.

simpliCitySM is Proprietary to the FMIT & Developed to Help Members:

**Open FMIT Member Enrollment
kicks off February 1, 2010**

- Build and Store Accurate Schedule of Values
- Understand Potential 'GAP' Exposure
- Attach Property Photos & List Personal Property
- Identify Critical Assets (Business Continuity Planning)
- Utilize Asset Mapping Functionality
- Administer Claim Submittals
- Manage Projects & Supporting Documents
- Submit & Track Solicitations
- Organize Qualified Vendor Data
- Follow Insurance & FEMA Pricing Models
- Interact on Q&A Forum (Education & Development)

BUILD & STORE ACCURATE SOV's

Reduce the Risk Involved With Insuring Property:

- SOV Data Automatically Updated by FMIT
- Asset Identification & Valuation
- Enhanced Asset Data
- SOV/Policy Integration
- Standard & Custom Reporting
- Secure On-Line Storage

The Building Limit is the amount of coverage for the asset after the co-insurance is applied. If the Member's co-insurance value is less than 100%, this value will be less than the replacement cost of the building. In the case of a loss, the Member will be responsible for any expenses that exceed the Building Limit.

The Personal Property (Contents) Limit is the amount of coverage for the property associated with this asset after the co-insurance is applied. If the Member's co-insurance value is less than 100%, this value will be less than the replacement cost of the contents. In the case of a loss, the Member will be responsible for any expenses that exceed the Personal Property (Contents) Limit.

The screenshot shows the simpliCity Member Dashboard. At the top, it features the simpliCity logo and SynergyID branding, along with contact information: Claims Questions: (407) 367-1753, www.insurance.flcities.com, and Technical Support: 888.852.4485. Below this is a navigation bar with links for Customize, Share, Recent, Find, and Help. The main content area is titled 'Member Dashboard - (Beta Version)' and includes a 'simpliCity Navigation Menu' with links like View Account, Submit Claim, Start a Project, Start a RFP, Add SOV Location, Q&A Forum, and Add Preferred Vendor. There are also sections for 'simpliCity News Alerts' (mentioning a rollout for January 2010 in Brevard, Broward, and Miami-Dade counties), a 'simpliCity Web Search' bar, and a 'QuickLook Weather & Updates' section. The weather section includes a 'Live Weather Feed' for Tamarac, FL, showing a 10-day forecast, current temperature of 59°F, and a 'Latest NOAA Tropical Update' with a graphical outlook.

- Minimizes Insurable Risk
- Simplifies Claims and Project Management
- Empowers Informed and Effective Decision Making
- Supports Business Continuity Planning & Sustainability
- Streamlines Workflow and Operational Functionality
- Improves Communication and Bottom-Line Management
- Fosters Effective Communication
